Endeavor House Organizational Chart

CODE OF ETHICS

The interactions of MWVSRC, the house manager, and volunteers, with the residents will be governed by ethical standards. Residents in a Recovery residence environment have the right to expect ethical behavior from MWVSRC staff, the house manager, and volunteers. Following ethical guidelines will protect the residents and the Endeavor House staff from inappropriate relationships and interactions.

The Endeavor House strives to maintain a respectful environment built on honesty and trust. Focusing on our resident's individual growth to include those core principles is important to us.

Endeavor House members will:

- Conduct our business honestly and ethically.
- Treat all persons with dignity and respect.
- Safeguard a person's privacy and confidentiality per local, state, and federal requirements.
- Not threaten or commit an act of physical or emotional abuse.
- Not become romantically or physically involved with persons currently served (or served in the recent past)
- Not engage in harassment
- Not discriminate due to race, religion, age, sexual orientation, disability, national ancestry, or economic condition (does have latitude to outline specialty population served)
- Strive for continued personal growth and self improvement through education, training, and consultations.

The Endeavor House has the following procedure set in place:

1. All male contact with Endeavor House residents will be monitored at all times by a female, whether it be MWVSRC staff, the house manager, or a volunteer.

2. Anyone who observes or has substantial reason to believe that MWVSRC staff, the house manager, or volunteers have engaged in unethical behavior in violation of this policy must report that behavior in confidence to their foreperson. Likewise, if MWVSRC staff or a volunteer is to believe a resident has behaved with him/her in such a way as to provoke or invite unethical behavior, they must report that interaction to the Director of Programs.
3. If a resident fails to comply at any time, this breach will constitute grounds for disciplinary action, including probable discharge. MWVSRC staff, the house manager, and volunteers will also be oriented to this policy and indicate understanding and agreement to comply.

RESIDENT RIGHTS AND RESPONSIBILITIES

This is set in place to safeguard the residents of the Endeavor House and to ensure the best experience possible.

Residents will be informed of their rights and responsibilities upon admission into the program and given a copy of the (Program Description) and (House Rules-the Resident Responsibilities)

The Endeavor House Resident Rights are as follows:

- 2) To participate actively in your recovery

CONFIDENTIALITY AND RESIDENT RECORDS

This policy is set in place to protect the right to privacy for all Endeavor House residents. The right to confidentiality, whether it be verbal or written information, shall be protected and in compliance with state and federal laws.

The following procedure will take place:

- 1) MWVSRRC staff, the house manager, volunteers, and residents of Endeavor House, will adhere to the confidentiality laws and procedures as set forth in Federal law 42 CFR Part 2 Confidentiality of Alcohol and Drug Abuse Patient Records.

- 3) Upon admission, the Endeavor House will provide for the residents to sign a “Resident Confidentiality Agreement” (See attached). MWVSRRC staff will explain that this agreement is for the purpose of ensuring confidentiality among the residents and building trust.
- 4) Resident files, both current and past, will be kept in a locked filing cabinet in one of the recovery residences’ offices, which will have the capability for the door to the office to be locked. These files will be under the direct maintenance and supervision of the Director of Programs. The files will be utilized and viewed only by Endeavor House members unless:
 - The resident whose name appears on the file requests to view their file.
 - The resident has signed a release of information form for the specific person that has requested to view the file, or any parts thereof, on which a statement forbidding further disclosure will be stamped on each page released.
 - A court order is furnished requesting the file.

- 5) Residents are responsible for maintaining the privacy of other residents. Residents will not release or share identifying information about housemates in conversation, in writing, or on social media platforms without expressed permission.
- 6) No identifiable images of or information about a resident will be shared by the home on social media platforms without a written release by the resident.

RESIDENT CONFIDENTIALITY AGREEMENT

The confidentiality of recovering persons is protected under Federal Law 42 CFR, which protects them from anyone outside of the residence having knowledge of their participation in the recovery residence without the resident’s specific permission. No information regarding a resident of Endeavor House may be released to anyone outside the program unless:

- 1. The resident has signed a consent form to that person/agency.
- 2. The court order is issued to Endeavor House.
- 3. Medical personnel require the information in a medical emergency.
- 4. The resident threatens to harm him/herself or someone else.

Federal law does not protect a resident if they commit a crime against anyone at Endeavor House. Also, Federal law does not restrict sharing of information regarding reported child abuse/neglect to appropriate state and local authorities.

These laws apply not only to MWVSRC staff, members, and volunteers of the Endeavor House, but also the residents as well.

I agree to not reveal to anyone outside the Endeavor House, the name, identity, or description of another resident. I also agree to not discuss the content of conversations or groups with anyone outside of Endeavor House. This includes sharing at 12 step meetings.

COMPLAINTS/GRIEVANCES:

MWVSRC is committed to meeting the needs and expectations of our residents. We will work with each resident to try and resolve any conflict and try to provide a satisfactory outcome for all parties involved whenever possible. The Endeavor House strives to ensure that grievances are handled respectfully, appropriately, and professionally. If at any time a resident of the Endeavor House has a complaint, problem, or concern during their stay, please follow the procedure outlined herein:

1. A *Grievance slip* form follows this page. If additional forms are needed, please ask the Director of Programs. The form is to be completed, signed, and placed in a sealed envelope, and given to the Director of Programs. The director will make a copy of it and place it in the resident's file. The original will be returned to the resident after being signed by the Director of Programs acknowledging receipt of grievance.

Comments:

ATTENDANCE

It is highly recommended that all residents of Endeavor House attend the monthly house meeting and other groups that are outlined in the intake packet. This is beneficial for the success of the resident's program and helps provide peer support. Repeated absences and tardiness interrupts this process and will reflect in the documentation of the resident's file.

During this process:

- 1) Residents are provided with the rules that outline their responsibility regarding attendance.
- 2) During the monthly meeting, or any other acceptable time that makes MWVSRRC aware, Residents must inform the Director of Programs and community of possible absences/tardiness due to scheduled appointments, such as medical, before the scheduled appointment occurs. Also, if residents are going to be absent, tardy from their set schedule, they must inform the Director of Programs of their whereabouts; where they will be, when they are returning, and when they returned.
- 3) Residents who have consistent or sporadic, non-constructive absences and/or leaving early and repeated avoidable conflicts, will be assessed by the Director of Programs to discuss issues regarding compliance with this policy and request that the resident comply. If this measure does not resolve the concern, then the resident will be discharged with an appropriate referral to another facility.

SERVICE DOG POLICY

This policy applies to service dogs being permitted in our sober living home. We believe having a service animal can be extremely beneficial for our residents. Service animals make our lives better by teaching us discipline, patience, acceptance, selflessness and showing us unconditional love. This makes recovery easier. Their relaxing qualities can help a recovering addict to focus on something other than their addiction and they can provide comfort and solace just by being available.

The criteria:

- Only certified service dogs will be considered
- Only one service dog is allowed and that service dog will be the only dog allowed in the house.
- Provide documentation showing that the animal is up to date on its vaccinations; such as a Rabies vaccination which is required by NH state law
- Spayed/Neutered
- Over 6 months old
- Non-Aggressive (No history of aggression or violence)
- Service dogs must be housebroken
- Cannot be destructive
- Must be crated in resident's room while resident is away
- Must maintain the care of the animal as well as themselves
- Cannot be a burden to the roommate sharing the room with the owner of the dog
- Will not be allowed to use the parking lots as a place for the service dog to Urinate/defecate
- When a service animal is outside of the resident's room: - It must always be under the control of its handler, and - It must have a harness, leash, or other tether, unless either the handler is unable because of a disability to use such a device or use of it would interfere with the service animal's safe, effective performance of work or tasks, in which case the service animal must be otherwise under the handler's control (e.g., voice control, signals, or other effective means).

- When a service animal is in a foodservice area, it must remain on the floor in a location that is out of all paths of travel at all times. It cannot sit in the owner's lap, on seats, or on any eating surface, and it must not be fed from the table.
- The service dog assisting the resident is permitted to accompany the resident in the common areas of the Endeavor House. At no time is the service dog to be left alone in the common areas or outside on the premises. Service dogs are not permitted on the furniture in the common areas
- A service fee of \$250 will be charged to the responsible resident in cases of accidents, soiling or destruction of property.

Some of our residents may be allergic to pets. Since resident safety is our top priority, we screen applicants for allergies and make sure those who are allergic are placed in a pet-free environment.

There is an assigned resident room specifically for having a service dog.

RESIDENT RULES

The Endeavor House rules and Program description help residents understand the expectations and benefits of the program. Residents will receive a copy of these guidelines upon admission. The Director of Programs will review the rules and program description with the resident and the resident will sign a copy of the rules indicating the review.

The Endeavor house does allow up to 2 residents to stay who have been through drug court and assigned to a sober living program. These residents must abide by these rules:

Requirements ~

Attending school and/or is employed or actively searching for employment.

Attending IOP, court and drug testing as required.

This program will help monitor this resident's participation, attendance to required responsibilities, and any policy violations made will result in disciplinary action, up to or including termination from the Endeavor house.

DISCIPLINARY ACTION

Residents of The Endeavor House who fail to adhere to the rules agreed upon admission to the program will be subject to progressive disciplinary procedures. The Endeavor House operated on a basis of trust with each individual resident. Each resident enters with a 100% trustworthy status. If it comes to the attention of the Director of Programs that a resident is violating a policy, disciplinary action will be taken and trust may be lost.

The infractions that result in immediate discharge from Endeavor House are:

Generally, residents will initially be given a verbal warning, followed by a written warning. A behavioral contract is the final opportunity for a resident to change the behavior of concern.

In the event of a discharge, consequences are immediate. The resident must make their own arrangements to find accommodations elsewhere. Thirty days (30) will be allowed to make arrangements for personal belongings to be retrieved. MWVSRC reserves the right, in special instances, to call a community meeting to discuss possible reinstatement of the discharged resident.

DRESS CODE

Residents of the Endeavor House need to adhere to a dress code and also be groomed in a manner that is appropriate. The image created by the MWVSRC is important to the supportive living environment. Extremes in clothing and grooming are considered inappropriate for both the owner and the residents. Personal grooming is an important aspect of a resident's recovery.

The Endeavor House staff and residents shall adhere to the following:

- 1) Maintain high levels of personal standards of cleanliness regarding hair, nails, oral, and body hygiene.

ENDEAVOR HOUSE Fire Drill Policy and Procedure

The Endeavor House will conduct scheduled monthly fire drills. The following procedure is set in place for the safety of all persons. Evacuation is mandatory for all occupants during all fire alarm activations. When the alarm sounds, LISTEN for the important information being told to you. This will come from the Designated Drill Monitor. The monitor is also in charge of planning scheduled practice drills and notifying the team of any changes to the procedure. They are also responsible for the building and making sure everyone makes it out calmly and safely, and that all lights are off and doors are shut.

Pre-Fire Drill procedure: Contact the fire alarm monitoring company and advise them of the upcoming fire drill. All people involved will be informed before the fire drill occurs.

During a Fire Drill

- When the fire alarm sounds, act immediately to ensure your safety.
- The meeting spot is at The SHED
- Never ignore or assume the alarm is false or the result of a test.
- Everyone must evacuate the building by way of the safest and closest exit and/or stairway.
- There are two exits. The front door with the ramp or the front door by the road.
- Once outside the building, move away from the building. Assemble across the back parking lot by the shed
- The Drill Monitor will have a clipboard with everyone's name on it. Check in with them so your name can be checked off the list.
- If there is an incident occurring on the upper floors and glass is being blown out of the windows, the area below is the hazard zone where serious personal injuries will happen. Do not remain in or near the hazard zone.
- Once outside, never re-enter the building until you are told to do so by the drill monitor or fire department
- The available fire extinguisher is placed at the top of the stairs on the right hand side.

After the Fire Drill

1. Record the total evacuation time in the evacuation checklist report.
2. Silence the alarms, reset the manual pull station and reset the fire alarm system.
3. Ensure the fire alarm system is back to normal operating condition.
4. Inform individuals that they can re-enter the building.
5. Contact the fire alarm monitoring company and RES dispatch to advise that the fire drill is complete.
6. Re-evaluate any concerns that arose during the fire drill and discuss as a group (ex. safety meeting).
7. Keep a record of the fire drill and any notes on the evacuation checklist report.

INTERVENTION FOR THE AGITATED OR DANGEROUS RESIDENT

The Endeavor House will be trained to effectively manage residents who have become agitated or a danger to themselves or others. If residents are found to act in such a way of having threatening and/or violent behavior then the following procedure will be implemented:

- A) MWVSRC staff will call out “Help” in a loud voice and also ask for help from residents that are present.
- B) MWVSRC staff will instruct a resident to call 911 and inform them that there is a resident who is a danger to themselves or others and is potentially violent. Then the MWVSRC staff will approach the resident and attempt a verbal intervention. If the resident calms down then wait with the resident until the police arrive and apprise them of the situation. If the resident does not calm down, do your best to ensure the safety of those present and vacate the premises with all other residents and wait in a safe location for the police to arrive.
- C) Place hands on the resident only if necessary and under the observation of other Endeavor House residents.
- D) Once resident safety is insured, MWVSRC staff will have a follow up meeting immediately with all residents who were involved in the incident.
- E) Document the incident and place in the residents file.

INTERVENTION FOR THE INTOXICATED /IMPAIRED RESIDENT

Residents may relapse while at the Endeavor House by becoming intoxicated or impaired by a substance. MWVSRRC will effectively manage residents who become intoxicated or impaired by a substance.

The following procedure should be implemented for residents who are assessed as being under the influence:

- A) The Director of Programs or staff who observes the behavior, or is informed of the possibility of the resident being intoxicated, should evaluate the situation by assessing the following:
 - Is the resident's behavior uncharacteristic of how they normally appear?
 - Does the resident have slurred speech or unsteady gait?
 - Does the resident have an odor of alcohol, pot, glue, or some other substance?
- B) If the resident is assessed to be intoxicated or impaired by a substance, the Director of Programs will ask the resident if he/she has been drinking/using a substance. If the resident acknowledges use, then they will not be allowed to participate in the recovery residence and will be referred to an appropriate level of care. The Director of Programs, or someone of the resident's family or friends, will then transport the resident to the facility.
- C) If the resident who is assessed to be intoxicated or impaired by a substance denies using alcohol or drugs then the Director of Programs should ask the resident's peers for supporting evidence that the resident was using, perform a urine screening for evidence purposes. Also, a room search may be warranted to issue that no illegal or dangerous substances have been brought into the house. If the urine screen test shows a positive reading or the search reveals alcohol or mood altering/illegal substances, then the procedure under "B" should be followed.

The Director of Programs will document the incident, place it in the resident's file and discharge the resident.

MEDICAL CARE

Residents often will enter the Endeavor House with medical problems that require follow up or medical problems may develop that require medical attention. Residents at the Endeavor House must have access to adequate medical care.

The following guidelines are set in place:

- 1) Residents must have a physical and TB test done prior to their admission to the Endeavor House and they are to bring those records with them when they come. If this cannot be provided by the referral source or if the resident is unable to afford such medical care, then the resident will be referred to the County Health Department.
- 2) Direct medical care to the resident is provided either by the resident's personal physician or referrals to the local County Health Department, clinic, or closest hospital.
- 3) If a resident becomes physically ill while in the recovery residence, then the following procedure is to be followed:
 - Call 911 if the situation is an emergency and/or life threatening
 - Call the Director of Programs and inform of the situation
 - The Director of Programs will then make the appropriate medical referral
 - Do Not try and move an injured/ill person or give CPR or First Aid unless you are qualified to provide this assistance.

MEDICATIONS

Residents may take certain medications under the supervision of a qualified physician. A percentage of the residents who come to the Endeavor House are on some type of medication either for a physical or psychiatric concern.

The following guidelines are set in place:

- 1) Residents may not take any mood altering medications (e.g. opiate-based pain medications, benzodiazepines, barbiturates, sedatives, hypnotics, sleeping pills, diet pills)
- 2) In rare instances, a patient may have a medical procedure or pain that requires brief use of medications that are not on the client's 'Safe drug list'. Clients, at that time must submit to the Director of Programs, a document from a physician stating the necessity of the medication. The Director of Programs must approve the use of this medication in the Endeavor House. Medications will be stored in a locked box.
- 3) Residents must inform the Director of Programs of any prescriptions/medications they have when they are admitted to the Endeavor House and any prescriptions/medications they receive while a resident at the Endeavor House. Failure to do so will result in disciplinary action and possible discharge.
- 4) Residents may only take over the counter medications that are approved by the Director of Programs and that are on the 'Safe drug list'.
- 5) Residents who are on any medication must be able to self administer their own medication without the aid of a health-care professional. If a resident is unable to do so, then they will be referred to a facility that can aid them.
- 6) Amphetamines and Benzodiazepines are not allowed at the Endeavor House.
- 7) Residents on MAT (medication assistance medications)- including buprenorphine derivatives, will have their supply of prescription opiate antagonists placed in a locked box. Access to the lock box is once a day, 5 days a week, and supervised to withdraw and sign out daily doses needed. Weekend or pass doses are allowed. The goal of MAT therapy is to sustain a patient through recovery and Taper when appropriate. The supports given at MWVSRRC provide women an opportunity to use

this time to become substance free. We support any and all efforts to taper MAT therapy.

- 8) Gabapentin is considered a drug of abuse and will be required to be stored in the lock box following the same guidelines as MAT medication.
- 9) Residents who are on medication are responsible for the proper dosage of their medication. Medication must be stored properly and not accessible on countertops or dressers. The preferred storage for any medication is a lock box, which the Director of Programs has a key to.
- 10) Any deviation from the proper medication dosage will be investigated by the Director of Programs. Deliberate alteration of the dosage in an attempt to alter mood will result in disciplinary action and possible discharge.
- 11) Residents must not discontinue taking any prescribed medications without the written authorization of a medical doctor.

RANDOM DRUG SCREENS

Residents with the diagnosis of alcohol and/or other substance dependence/abuse will be required to randomly submit a urine sample for a drug screen. This has an effective means of monitoring resident alcohol/drug intake status.

The following procedure is to be followed:

- 1) The collection of urine for a drug screen test may be monitored by the Director of Programs, either randomly or with probable suspicion of the resident's use of drugs/alcohol during their stay at the Endeavor House. The test will be administered and read by and documented by the Director of Programs.
- 2) Urine may be collected either by using rapid on site drug detection methods (commonly referred to as a "dipstick") or collected and sent to a lab for testing. If the sample is to be sent to a lab, it will be packaged and mailed accordingly to the mailing instructions provided by the laboratory.
- 3) Results are documented in the resident's file.

SEARCH FOR HAZARDOUS ITEMS

The Endeavor House seeks to ensure the safety of all residents and to provide a safe environment conducive to recovery from addiction. The Endeavor House has the right and responsibility to search residents' belongings and also the residences for illegal substances and inappropriate hazardous items.

The following procedure will take place upon admission and periodic searches:

- 1) Upon admission, the Director of Programs will search the residents' personal belongings for illegal or inappropriate hazardous items. The resident will be informed of the policy regarding the keeping of illegal substances or inappropriate/hazardous items in the house.
- 2) Periodic searches (timing is determined by the Director of Programs) of the residences will be done by either the Director of Programs or a staff to determine if there are any illegal or inappropriate /hazardous items.
- 3) If the resident is found to be in possession of an illegal or inappropriate/hazardous item upon admission the item or substance will be confiscated by the Director of Programs. If, during the residence search, it is discovered that a resident is keeping an illegal substance (e.g. drugs such as cocaine, pot, or heroin) or an inappropriate/hazardous item (e.g. a legal but mood altering drug such as alcohol, prescription drugs, or a weapon) the item(s) will be confiscated and the resident will be subject to discipline and may be discharged.

SUICIDE ASSESSMENT AND PRECAUTIONS

Suicidal expressions and gestures indicate serious emotional problems and life threatening actions and should be taken seriously.

The following precautions apply at the Endeavor House:

- 1) If a resident reports that they are experiencing suicidal ideations, the Director of Programs will contact the Access Center for a consult. The Director of Programs may then advise the Access Center that the suicidal resident may be transported to the center.
- 2) Ensure that the resident is safe by: remaining with the resident 1:1 until the resident is transported and safely at the Access Center and, if applicable, removing all potential items that may be available to the resident.
- 3) The Director of Programs will then transport the resident to the Access Center or call 911 and ask for aid in transporting a suicidal resident.

SMOKING

Smoking inside the Endeavor House residence is strictly prohibited. It is against fire codes and endangers personal safety. Residents may only smoke outside at the designated area which is located next to the garbage shed behind the Endeavor house.

Guidelines of this policy include:

- A. Residents must purchase and keep their own tobacco products. Borrowing tobacco products is discouraged.
- B. Use of tobacco products is restricted to the outside designated area of the houses.
- C. Tobacco product refuse shall be discarded in the appropriate receptacle/container.
- D. No e-cigarettes or vaping allowed inside the premises.

A resident who violates this policy will be informed that he/she is in violation and will be told to stop the behavior in question. Failure to comply will result in disciplinary action and possible discharge from the recovery residence.

Additionally, If the fire alarm is triggered due to a smoking infraction inside the Endeavor House and the Fire Station responds to the scene, the resident is responsible for the \$127.00 service fee.

****For the purpose of this policy, anyone using smokeless tobacco (Snuff, dip, chewing tobacco, etc), Vaping, and Jewels follow the same No-smoking guidelines.**

- **VAPING**: There is no vaping allowed in the Endeavor house residents' rooms. Vaping is only permitted outside by the designated smoking area. No Exceptions.
